Los Molinos Tempranillo

Don Quixote battled the giants that turned out to be windmills, and that currently compose the most typical image of La Mancha in history books. The giants were baptized with the names of Burlata, Infante and Sardinero. Los Molinos Tempranillo uses a selection of grapes to create a light and harmonious wine full of red fruit flavours.

Region

Valdepeñas takes its name from the ancient city by the same name, that lies on a sun-baked river valley dotted by small rocky formations (Val-de-peñas – Valley of Rocks). Located in the South of Castilla-La Mancha in central Spain. It experiences extreme weather conditions, with temperatures reaching up to over 40 °C in the summer and dropping to as low as -10 °C in the winter. The future of this Denominación de Origen lays with its red wines made from Tempranillo; a grape variety that enjoys the ability to age well as crianza, reserva and gran reserva.
